PROJECTS

InstaBay.io

One of my favorite webpages that I created. This website is a clone of Instagram, which has several features. For posts and videos, it uses the Unsplash and Pixabay APIs. For the conversation part, it uses Socket.io.

A1 LAS VEGAS HOTEL LIMO

Frontend Landing Page Website, This website, which is based in Dubai and Las Vegas, has a form submission feature that is essentially used to submit forms instead of using a backend.

GYMBOOST

Landing Page Website, Made with Bootstrap. Have Responsive and user friendly design. Sections like About, Gallery, Pricing, Contact are also included in this.
